SLOW BUT SURE PROGRESS.

It makes very little matter to what political parties colored men may attach themselves provide they arrive at their convictions of men and measures by a natural, self-evolved process. This unfortunately has not been the case in the last few years. But the recent evidences of the breaking of light upon their minds and the positive advances towards a thinking process of their own that is very apparent, is a matter of congratulation and of extremely solicitude to all right thinking men, and hopeful signs that true citizenship is at last commencing to be understood. Whatever party may be in power, it is to the interests of all concerned that no element in the nation should be so circumscribed as to be deprived of the exercise of any of the functions of American citizens. —Phila. Sentinel

WORDS OF WISDOM.

Always watch the man who grins in your face.

Every man who says he is your friend often proves your enemy.

We judge men by what they do and not by what they say.

Men often say what they do not mean.

When you are told that you are a good and brave fellow, when you know to the contrary; always put it down that that man is seeking your ruin.

When you are told of your faults to your face and of your virtues behind your back, you can justly say that he is friendly disposed towards you.

Hypocrites grin in your face and say you are right, while honest men will frown at a wrong.

An honest woman will not tolerate an insult, but one of easy virtue will smile.

A guilty woman often finds fault with a chaste one, and say evil things about her, but a chaste woman is seldom suspicious of her sex without great cause.

Men often judge their wives by their own immoral acts. So did the Moor of Venice put to death his virtuous wife, because he was told that she was false. Never allow people to bring you news.

HOWARD ALUMNI MEETING.

On Monday evening last a quorum of the alumni being present actions were taken in reference to a memorial in honor of Messrs. W. T. James and E. A. Forrest respectively of classes '84 and '85. A committee consisting of Messrs. C. C. Johnson, J. H. Lawson and W. H. Hart was appointed to make arrangements. The date agreed upon for the memorial services was September 24. Messrs. James F. Bundy and W. H. Hart were appointed eulogists.

It might as well be observed here as elsewhere that this College Alumni is a mere thing in name. It is to be hoped now that since the entrance of the last two classes something will be accomplished. The older members are selfish remiss and inactive. Some one of them even dared to express the opinion that since he was but slightly acquainted with a certain younger member he ought therefore contribute but a small meagre sum to his welfare. It shows the littleness of soul. It seems that in an organization founded upon merit and intellectual culture there should be some benevolent feeling existing. The tendency however is to sneer at their unfortunate instead of lifting them up. Whenever the question is put that a certain member is in distress, the majority of the members hide behind their families as if the obligation they owe their brethren is at all lessened because they have married. It is true that every man should look out for his family. It is equally true that no man should seek to rid himself of obligations to his fellow man. In fact the word married man does not appear in moral philosophy in connection with this question of obligation.

However, little can be expected from the older members of the association. Their future is pretty definitely determined. They do not care for their younger associates. They scarcely recognize that there is an equality between them.

It is expected that the younger members will revolutionize this sentiment, and place the body on a footing of honor and benevolence, and as Dr. Howard remarked that the body should look out for the living members as well as the dead.

THE DEPUTY RECORDER OF DEEDS UNDER HON. FRED. DOUGLASS RESIGNS. HIS RESIGNATION ACCEPTED BY RECORDER MATTHEWS.

Col. Geo. F. Schayer, Deputy Recorder of Deeds of this District for 17 years past, for reasons known only to himself and perhaps to a few confiding friends, saw fit to tender his resignation as Deputy Recorder. It seems to be conceded that it had not been solicited by the new Recorder nor that any intimation had been made by him that he desired it. Col. Schayer has absolutely refused to give his reasons for tendering the same and Mr. Matthews in deference to his wishes refuses to say anything further, than that he had not requested nor intimated that he desired it.

Many speculations are afloat concerning the matter. It is claimed that the action of Schayer was the cause of the immediate return of Recorder Matthews to Washington who had gone to Albany to arrange his law business preparatory to remaining in the city permanently; that he had arranged everything satisfactorily to the employees of the office before his departure and that the action of Schayer immediately after he left Washington was for the purpose of securing immediate appointment during Matthews' term of office. Whether this be so or not, one thing is certain that the resignation was promptly accepted.

Col. Schayer has retired and the affairs of the office, do not seem to have suffered embarrassment. No appointment has been made to the position and it is said that for the present none will be made.

NEWS.

Rev. J. A. Taylor of the African Mission is in the city, and doing a good work.

The complaints of the colored citizens of Alexandria, Va., against Captain Webster of the Police force in that city, for the shooting of Tute Anderson are still unabated.

So frequently has it occurred that persons were buried alive that an incorporated society has been organized in the city of Brooklyn, to prevent any burials in doubtful cases, until placed in the receptacle where all facts necessary to remove doubts may be ascertained before burial.

A long letter from Rev. J. H. Laws, a former pastor in Wichita, Kansas, now missionary in Kansas City, Mo., informs us of many useful things, including the pro and con western sentiment of Mr. J. C. Matthews' appointment as Recorder of Deeds.

Mere talk of patronizing each other in business, only shows that we acknowledge our obligations, but will never advance in business. Give each other the patronage.

The city of Washington, so far as the poor are concerned, is still being threatened with financial embarrassment and destruction.

A very strange way of introducing the Maryland justice in the District of Columbia, will be seen by the following story told by a resident citizen and huckster in this city:

Some days ago, a Marylander, who was on the make, traded his horse, and because his friends laughed at him for allowing himself to be "taken in by a Negro," he returned Newman's horse and wanted to take his own back again; he offered \$5 as a difference for the cancel of the exchange; upon the refusal of which, the Marylander swore out a United States' warrant, charging Newman with horse stealing.

The Atlanta Constitution, one of the thunder struck Southern papers, says the only northern company that was ever in the confederate army, was raised in southern Illinois, which numbered 90 men, and that among these, was one young Cunningham, who

served throughout the rebellion, and that he was the brother of Mrs. Senator John A. Logan. That fifty of them were killed in the war. The captain of them was Thorndyke Brooks, who has since become an heir to nearly one million.
